Tour Egypt and Dive the Red Sea!

April 9 – April 25, 2020

Join us for this world-class scuba diving and land extravaganza! Home to one of the world's oldest civilizations, Egypt bears the pyramids of Cairo, one of the Seven Wonders and the nearby Museum of Egyptian Antiquities – house the legendary treasures of Tutankhamen. Egypt is also much more than ancient monuments and pyramids; It's a cruise down the Nile, luxury hotels, nightlife, a vast invigorating desert and, especially for scuba divers, it's the Red Sea. With awesome visibility and breath-taking soft corals, the Red Sea is one of the most popular scuba diving destinations in the world. There are over 1000 species of fish in the Red Sea, 20 percent of which can be found nowhere else in the world. The Red Sea is also the resting place of several WWII wrecks that house countless artifacts.

Diving Itinerary

We will be staying aboard the **Blue Force 2** and doing the “**North Route**”.

We're here primarily to dive, but no trip to the Red Sea is complete without visiting Egypt, Luxor, the West Bank, and the ancient sites here!
