

Come Dive Palau!

Nov 1 – 12, 2024

Palau diving is unique, thrilling and very diverse. In 2009, Palau created the world's first shark sanctuary. This area covers approx. 230,000 square miles, an area about the same size as France. Palau has established itself as a global leader in protecting marine ecosystems and has been recognized for their efforts by the World Future Council. As a diver this has huge benefits, hook into the reef or drift through the channel and see sharks, mantas, and large schools of fish coast by in the current. Diving Blue Corner, one of the World's top sites, and a hike to snorkel Jellyfish Lake will be memorable for years to come.

We will be staying at Palau Royal Resort and diving with Sam's Tours Palau.
