

"Your Pre-Dive Safety Stop"

# Let's Go Dive South Caicos!

**Jan 29 – Feb 5, 2022**

South Caicos has some of the most well-preserved and isolated diving spots in the world. Once you see the turquoise waters and feel the serene calm waves roll over your feet you'll know you're in paradise. Plus the Admiral Cockburn National Park offers stunning views.

The island is known for its amazing coral reef system and is considered one of the healthiest in the world. The reef is teeming with hawksbill turtles, large schools of jacks, and eagle rays. When you reach the surface, you'll already anticipate your next dive of the day. South Caicos includes 22 dive sites that are a 10-15 minute boat ride from the resort. The main diving sites are in the national park, which includes Long Cay, Six Hills Cay, and Middleton Cay islands.

We are staying at East Bay Resort. It is perched on the best beach in South Caicos and is surrounded by the natural landscape of Admiral Cockburn National Park. This full-service resort offers luxury amenities with a small island vibe. There are many activities for non-divers too. Some favorites are snorkeling, kayaking, and paddleboarding on the resort's private beach.
